

ABOUT ME

Passionate final-year BSc IT student at North West University with a strong foundation in programming languages including Java, Python, C#, and C++. I actively seek hands-on projects to apply my knowledge, developing skills in problem analysis, innovative solution design, and effective collaboration within teams. Eager to embrace new challenges, I am particularly interested in software development roles that promote continuous learning and professional growth. Committed to delivering user-centered software solutions, I am excited to contribute to impactful projects and drive innovation. Let's connect to explore how my skills can align with your organization's goals.
